

# Formaldehyde

## Chapter 296-856 WAC

## Index

### A

- Accuracy
  - exposure evaluations, **200-12-13**
  - exposure records (recordkeeping), **200-16**
- Action level
  - exposure evaluations, **200-10-14**
  - exposure records (recordkeeping), **200-16**
  - medical and emergency evaluations, **300-4**
  - periodic exposure evaluations, **300-2-3**
  - sections that apply to your workplace, **100-1-2**
- Acute toxicity, training, **200-4**
- Air monitoring methods
  - exposure evaluation process, **200-12**
  - exposure records (recordkeeping), **200-16**
- Airborne exposure
  - concentrations, establishing exposure control areas, **400-3**
  - employee protective measures, **200-8**
  - exposure evaluations, **200-9-10**
- Annual evaluation, medical, **300-8**
- Application, chapter scope, **100-1-2**

### B

- Basic rules, all requirements, **200-16**
- Breathing zone, exposure evaluation process, **200-13**

### C

- Cancer hazard, training, **200-4**
- Cartridge or canister, replacing respirators, **400-6**
- Change rooms, personal protective equipment (PPE), **200-7**
- Changes in exposure, **200-9**
- Chapter application, scope, **100-1-2**
- Collecting air samples, exposure evaluation process, **200-13**
- Consultations, licensed healthcare professional (LHCP) review, **300-12-14**
- Containers
  - personal protective equipment (PPE), **200-7**
  - preventive practices, **200-2-3**
- Content of medical evaluations, table 3, **300-8**
- Contaminated clothing, **200-6**
- Cost to employees
  - medical evaluations, **300-5, 300-11**
  - training materials, **200-5**
  - personal protective equipment (PPE), **200-6**

### D

- Decontamination, preventive practices, **200-2**
- Definitions, **500-1-3**
- Designated representative, exposure evaluations, **200-10**
- Disagreements, licensed healthcare professionals (LHCP) review, **300-12-14**
- Documentation
  - exposure records (recordkeeping), **200-16**
  - medical removal, **300-9**
  - exposure evaluation, exemption, **200-10**

### E

- Emergencies
  - respirators, **400-5-6**
  - medical evaluation process, **300-4-8**
  - licensed healthcare professional (LHCP) review, **300-13**
  - preventive practices, **200-3**
  - training, **200-5**
- Employees
  - costs, **200-5-6, 300-5-11**
  - entering exposure control areas, **400-4**
  - exposure evaluation process, **200-9-14**
  - medical evaluations, **300-4-8**
  - medical removal, **300-9-11**
  - notification, **200-15**
  - protective measures, **200-8**
  - respirators, use, **400-5**
- Equipment
  - changes in exposure, **200-9**
  - maintenance, preventive practices, **200-2-3**
- Evaluations, signs and symptoms, **300-4**
- Exam results, medical records, **300-15**
- Exemptions
  - exposure monitoring, **200-10**
  - medical removal, **300-9**
  - periodic exposure evaluations, **300-2**
  - training, **200-4**
- Exposure and medical monitoring, all requirements, **300-1-15**
- Exposure controls, **400-2**
- Exposure control areas
  - all requirements, **400-1-6**
  - training, **200-4-5**
- Exposure evaluations, **200-9-14**
- Exposure monitoring
  - evaluations, **300-2**

# Formaldehyde

Chapter 296-856 WAC

## Index

notification **200-15**  
observations, **200-10**  
recordkeeping, **200-16**  
Exposure records (recordkeeping), **200-16**  
Eye and throat irritation, health hazards,  
training, **200-4**  
Eye wash, preventive practices, **200-3**

## F

Face shields, personal protective equipment  
(PPE), **200-6**

## H

Health hazards, training, **200-4**  
Helpful tools, **R-1-39**  
Housekeeping and maintenance, preventive  
practices, **200-2-3**

## I

Initial evaluation, content of medical  
evaluation, table 3, **300-8**

## L

Labeling, containers, **200-2**, **200-7**  
Leaks, **200-3**  
Licensed healthcare professional (LHCP)  
review, **300-12-14**  
Licensed physician, training, **300-5**

## M

Medical  
disease questionnaire, helpful tool, **300-6**,  
**R-29-38**  
emergencies and evaluations, **300-4-8**  
opinions, licensed healthcare professional  
(LHCP) review, **300-12-14**  
records (recordkeeping), **300-15**  
removal, **300-9-11**  
respirators, **400-5**  
surveillance, helpful tool, **R-19**  
Monitoring device, (note), **200-11**

## N

Notifications, employees  
exposure monitoring, **200-15**  
licensed healthcare professional (LHCP)  
review, **300-12-14**

## O

Observations, exposure monitoring, **200-10**  
Operations, training, **200-4**

## P

Periodic exposure evaluations, **300-2-3**  
Permissible exposure limits (PEL) exposure control  
areas, **400-1-6**  
notifications, employees, **200-15**  
Personal protective equipment (PPE), **200-6-7**  
Personnel, changes in exposure, **200-9**  
Physician review process, **300-13**  
Powered air-purifying respirators (PAPRs), employee  
protection, **400-6**  
Preventive practices, **200-2-3**  
Protective clothing, personal protective equipment  
(PPE), **200-10**  
Protective devices, exposure records  
(recordkeeping), **200-16**

## R

Recordkeeping  
exposure, **200-16**  
medical, **300-15**  
Releases, preventive practices, **200-3**  
Respirators, **400-5-6**  
Respiratory protection, training, **200-4-5**

## S

Safe work practices  
training, **200-4-5**  
personal protective equipment (PPE), **200-6-7**  
Sampling methods, exposure evaluation  
process, **200-13-14**  
Sections that apply to your workplace, table 1, **100-2**  
Spills, **200-3**  
Short-term exposure limits (STEL)  
employee protective measures, **200-8**  
exposure control areas, **400-3**  
exposure evaluation process, **200-10-15**  
notifications, **200-15**  
periodic exposure evaluations, **300-2-3**  
sections that apply to your workplace, table 1, **100-2**  
Substance technical guidelines for formaldehyde, helpful  
tool, **300-6**, **R-3-17**  
Showers, preventive practices, **200-3**

# Formaldehyde

## Chapter 296-856 WAC

### Index

#### T

- Table 1, sections that apply to your workplace, **100-2**
- Table 2, periodic exposure evaluation frequencies, **300-3**
- Table 3, content of medical evaluations, **300-8**
- Training, **200-4-5**
- Transfers, employees, **300-10**
- TWA<sub>8</sub>
  - employee protective measures, **200-8**
  - exposure control areas, **400-3**
  - exposure evaluation process, **200-10-14**
  - sections that apply to your workplace, table 1, **100-2**

#### V

- Ventilation
  - changes in exposure, **200-9**
  - personal protective equipment (PPE), **200-6**

#### W

- Warnings, exposure control areas, **400-3**
- Written opinions
  - licensed healthcare professional (LHCP), **300-14**
  - medical evaluation process, **300-7**
  - notification, employees, **200-15**
  - respirators, **400-5**
- Workshifts, exposure evaluations, step 6, **200-13**
